

Betsy Montoya Autobiography

Betsy and her family have lived in Santaquin for 14 years. Of all the things to love about Santaquin, they love the people most. Betsy earned both her Bachelor and Master's Degrees from Utah State University in Family and Human Development. She is an educator by profession. Betsy served on the Planning Commission for five years before being elected to City Council in 2018. She created the Santaquin City Youth City Council in March of 2019 and serving with the youth of our community is one of her favorite activities. Her next favorite Council responsibility is walking in the Orchard Days Parade and seeing the community gathered together. Betsy understands that service, wise planning and diversity strengthen our community now and for generations to come. Betsy has seen how strong families build the foundation of a community. She is thankful for opportunities to serve and work for the benefit of families and children in Santaquin. She strives to protect natural resources and agriculture and to prepare for the future.
