## Dear Santaquin Residents and Friends,

I cannot believe how fast this year is moving already. There has been so much going on in the city and I am always grateful to take a moment to reflect on how we are doing as a community. It has been great to see new business under construction and opening in our core part of town. We were excited to see Santaquin Pharmacy open in their new location. The new Central Valley Medical Center (CVMC) is under construction as well as a new taco shop by the freeway and a new Mexican restaurant in the old Brumby's location. We look forward to their opening and ribbon cuttings in the weeks ahead. We are also pleased to see the new housing developments blooming across our valley which will bring new families and friends to our great city.

As spring draws closer, I ask once again that you please be mindful of our beautiful community. This warmer winter has provided a great opportunity to clean up around your property and start preparing for spring flowers. I encourage you to try and keep your property neat and free of trash and unused junk. We take great pride in our city and want to reflect that to residents and visitors alike. Our Community Service Committee is focused on beautification and has many plans and ideas to help in this area and will be implementing these starting this spring. We appreciate them and their efforts and we look forward to reporting on their projects in the months ahead.

Our City Council has already been busy this year as well. They attended a lengthy and in-depth budget planning session in February where many things were discussed and plans formulated regarding the future of Santaquin. Abraham Lincoln once said *"The best way to predict your future is to create it."* We are thrilled to have our three new council members Betsy Montoya, Chelsea Rowley and Lynn Mecham, with their new perspective and vision as well as the wisdom of the veteran

council members Keith Broadhead and Nick Miller working so hard for the future of our community. There will be some exciting plans and announcements coming this year. We feel confident that as Santaquin City moves forward under their direction, we will find much growth and prosperity.

# Thank You

Thank you for all you do to serve your community, your neighbors and your family. I would like to thank the good people who volunteer and pitch in and help those in need. Lastly, I would like to thank those who put themselves out there, who put forth that extra effort, and who serve with quiet distinction. As I have said in the past, I am honored to be your mayor and pleased to represent such a wonderful community.

**Mayor Kirk F. Hunsaker**
