Santaquin City Annual Report — 2021 Police Department

POLICE CHIEF'S MESSAGE

Santaquin City Mayor and Council:

The following report details the Santaquin Police Department's activities throughout the past year. Some of the obstacles we faced in 2020 have carried on through 2021 as well, and we may continue to see lasting effects for a while. However, as you look through this report, you will see that we are on the rise again. In 2021 we had 9,135 police service calls, vs. 8,333 in 2020, a 9.6% increase. We also increased in case numbers by 5% from 3,573 to 3,752.

This past year we started up again with our high school internship program, since we temporarily canceled it the year before. We were also able to participate in shop with a cop this year. We value opportunities like this for community outreach, and we look forward to more opportunities as circumstances permit.

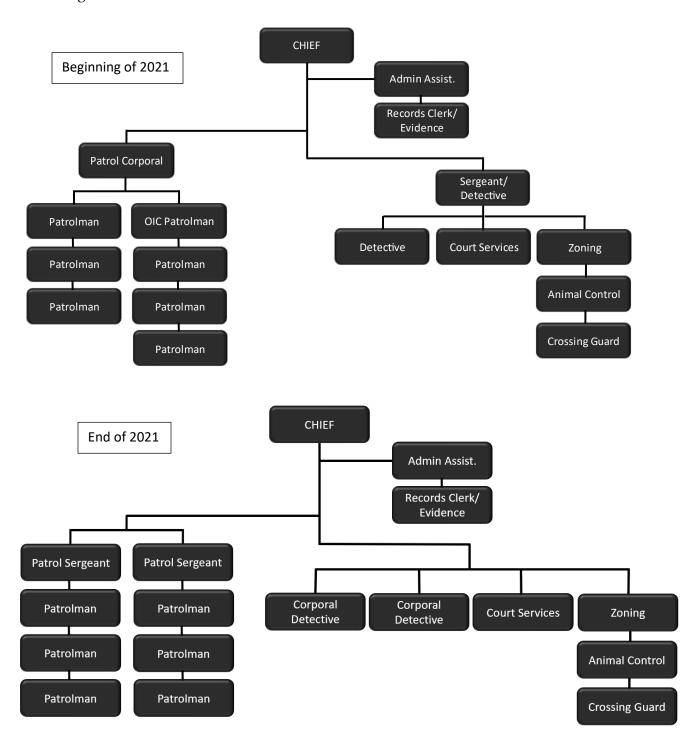

As you look over the information in the following pages, please contact me with any questions you may have.

Respectfully,

Rodney Hurst Chief of Police

Professional Standards

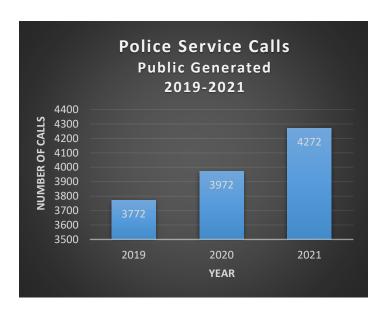

The Police Department strives to ensure employees act in a manner consistent with Santaquin City's mission, values, and objectives. Complaints from citizens and alleged policy violations are taken seriously. Investigations are done to determine legitimacy of the complaint or violation and appropriate action is taken accordingly.

Citizen Complaints

Citizen complaints are those that come from outside sources, including third complaints. complaints Citizen are categorized four into types: minor complaints, major complaints, service complaints, and confidential complaints. Complaints are thoroughly investigated and the Police Chief notifies the complainant in writing of the final disposition.

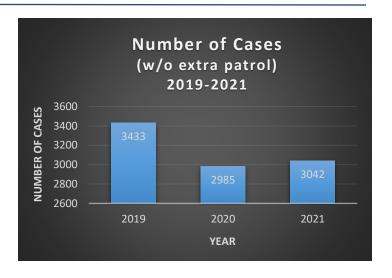

Police Service Calls

Police service calls include requests solely through dispatch, made by citizens for police service as well as officer generated activity, some administrative duties, and follow up on previous calls. These do not include the calls received through the office in which dispatch is not requested. The graph below depicts specifically calls that were generated by the public over the past 3 years. The increase in public service calls continues to grow, consistent with a steady growth of our city population.

Cases

Cases are created from police service calls that require documentation by the responding officer. The following graph displays a drop in 2020, with a slight comeback in 2021. It is interesting to note, that although our case numbers decreased during the pandemic, the number of public-generated calls above still increased at an even higher rate than ever before.

Part 1 Crimes

Santaquin City participates in the FBI's UCR (Uniform Crime Reporting) program. In 2020, our department made the switch from summary-based reporting to incident-based reporting, which is known as NIBRS (National Incident Based Reporting System). The switch to NIBRS was required by the FBI as they retired the summary-based system in January 2021.

NIBRS reporting is much more in depth and provides the state and FBI with a more accurate depiction of the total crimes being committed. Where summary-based would

report only the most severe crime, NIBRS reports all crimes committed within an incident.

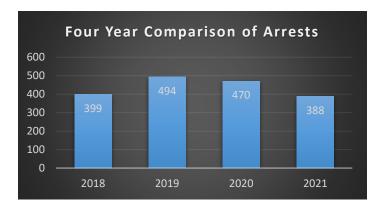

The index crimes reported to the state and FBI over the past two (2) years are listed below.

Index Crimes				
	2020	2021	Change	
Homicide	0	0	0%	
Rape	3	4	33%	
Robbery	0	0	0%	
Aggravated Assault	3	7	133%

Arrests

An arrest is counted when criminal charges are filed on an individual regardless if the individual was cited and released, served with a summons to appear in court, or physically arrested and booked into jail.

Although the total number of arrests are down in 2021, the number of physical jail bookings are on the rise. The following graph displays the number of jail bookings over the past three years.

As with our case numbers, we see a significant drop in 2020, with a slight rise in 2021, reflecting the slow, yet steady recovery from the lasting effects of the pandemic.

Arrests by age range

Traffic

Stops and Citations

There were a total of 2,655 traffic stops and 953 citations in 2021.

Accidents

Traffic accidents are categorized as either reportable or non-reportable. Accidents resulting in injury to or death of any person, or accidents with total property damage to the apparent extent of \$1,500 are considered reportable.

There were a total of 165 accidents reported in 2021; 112 reportable and 53 non-reportable.

Four year comparison of traffic accidents

Fatalities

There were zero fatality accidents in Santaquin/Genola in 2021.

Investigations

The Detective Division investigated 175 cases in 2021.

Sex Offenders

In 2021, there were 14 sex offenders registered in Santaquin/Genola.

Sex Offenders					
	2020	2021	Change		
Registered Sex Offenders	18	14	-22%		
Compliance Checks	47	56	19%		
Violations	0	0	0%

Property

	2020	2021	Change
Items Received	334	398	19%
Items Released	38	65	71%
Items Destroyed	10	435	4250%

Yearly comparison of property items handled

Typically our property numbers in regards to release and destruction fluctuate from year to year, however, we do tend to see a continual increase in items received, as is evident in the table above. In 2021, we transitioned some evidence responsibilities over to our part-time records clerk. This resulted in a significant increase in items destroyed due to the time dedicated to clean up the evidence room, and go through the process of eliminating old evidence that is no longer needed.

Code Enforcement/Animal Control

In January 2021, we transitioned one of our patrol corporals into the code enforcement position. A majority of the code enforcement cases were covered by him during business hours, while the remaining were divided among the patrol officers after hours as needed.

The code enforcement officer generated 247 cases in 2021, while our animal control officer (ACO) generated 281 cases.
